Agenda

1. Introductions 15 minutes
   - Committee Members
   - Project Team

2. Project Orientation 10 minutes
   - Goals/Guiding Principles
   - Desired Outcomes
   - Major Work Activities by Phase

3. Committee Role & Logistics 5 minutes
   - Upcoming Topics (by meeting)
   - Meeting Time & Location

4. Idea Exchange Thematic Summary 10 minutes

5. Upcoming Workshops 10 minutes
   - Locations, Format, and Agenda

6. Committee Perspectives on Transportation 40 minutes
   - Challenges & Issues
   - Opportunities

7. Public Comments and Discussion 30 minutes

8. Wrap-up and Coming Events
   - Next meeting date/location
   - Workshops
INTRODUCTIONS
PROJECT ORIENTATION
The Plan is...

- DC’s long range transportation plan
- Needs to meet federal LRTP requirements for a state
- A plan that identifies how we meet DC’s transportation needs for the next 25 years
But it is also...

• Strategic vision
• Context-sensitive
• Performance based
• Modally integrated
• Implementation-focused
Guiding Thoughts

- **Focus.** Plan for the District of Columbia
- **Scale.** System and neighborhood focus
- **Time.** Support the current and next generation
- **Input.** Engage people meaningfully and build consensus
- **Coordination.** Plan coordinated with District and regional plans
- **Modes.** Accommodate and integrate all modal systems
- **Funding.** Recognize that different approaches may be needed due to constraints in funding
Key Issues

- Safety and Security
- Access and Mobility
- Diversity, Affordability, and Success
- Environmental Sustainability
- Community Identity and Stability
- Fiscal and Organizational Responsibility
Outcomes

• Strategic vision
• Integrated modal plans that meet federal requirements
• Implementation plan
  – Cost
  – Finance
  – Programming
  – Prioritization

...and ultimately, projects, programs, and policies
Planning Process

**TECHNICAL TRACK**

<table>
<thead>
<tr>
<th>Collect Data, Review Existing Plans and Policies, Gather Ideas</th>
<th>Develop a Vision, Goals, and Objectives</th>
<th>Assess Existing Conditions</th>
<th>Develop and Analyze 3 Multimodal Plan Scenarios</th>
<th>Chose a Preferred Multimodal Plan Scenario</th>
<th>Develop Long Range Transportation Plan Elements</th>
<th>Identify Funding, Financing, Phasing, and Prioritization</th>
<th>Draft Transportation Plan</th>
</tr>
</thead>

Plan Success

- The most successful plans are supported from the ground up
- Local ownership of the process, principles, and plan
- Broad involvement from people, interests, and agencies from across the District and region
- Adoption by Council
TPAC Role

• Provide local perspective and advisement during the project
• Participate in working meetings where plan development topics are addressed
• Expand the discussion of the transportation plan with family, friends, neighbors...
## Upcoming TPAC Meetings

<table>
<thead>
<tr>
<th>Meeting</th>
<th>Month</th>
<th>Topic</th>

</table>
| 1       | February       | • Introduction  
            |               | • Issues and Opportunities  
            |               | • Building Blocks of the Plan |
| 2       | April          | • Looking Toward the Future (plan scenarios, outlook on demand, etc.) |
| 3       | May            | • Finalizing Plan Scenarios for Modeling  
            |               | • Begin Discussion on Prioritization |
| 4       | June           | • Continue Discussion on Prioritization  
            |               | • Start Discussion on Some Plan Elements |
| 5       | July           | • Scenario Report Cards  
            |               | • Building the Draft Plan Scenario |
|         |                | • Plan Elements Discussion |
| 6       | September      | • Draft Plan Scenario Report Card  
            |               | • Drafts of Some Plan Elements |
|         |                | • Project and Plan Priorities |
| 7       | October        | • Draft Plan Priorities  
            |               | • Drafts of Plan Elements  
            |               | • Implementing the Plan |
| 8       | November       | • Draft Plan |
| 9       | January 2014   | • Final Plan |
Who Came and How They Travel

Longest trip to school

Longest walk
What the Panel Said

- Urban living
- Walkable urbanism
- Price
- More and more accessible choices
- Efficiency
- Regional coordination
Break out DC from regional traffic/congestion studies because DC is much less congested than the regions as a whole and we should publicize this fact.
What People Debated

- Financial incentives/disincentives
- Funding and money
- Who the plan should focus on
- Choices
- Who transit should serve
- Information
- Affordability
- Environmental stewardship
- Technology
My Transportation Wish Responses

- More trains!
- East West Thru Rock Creek Park!
- More express buses!!
- Traffic signals timed for bikes
- A complete network of protected bike lanes; Ciclovías!
- Better transit for ped & bike connections across SE & SW Freeways
Best Poses
Other Things People Said

**Opportunities**
- Better coordination
- New connections and services
- Smarter systems
- Pricing

**Issues/Obstacles**
- Conflicts and congestion
- Availability and access
- Affordability
- Missing information
What Happens from Here

- Idea Exchange input will generally guide moveDC
- Help shape vision, goals, and objectives
- Start the discussion on issues and opportunities
UPCOMING EVENTS
Public Workshops: Ideas that Build

Wednesday, March 20  6:00 to 8:00 p.m.
Department of Employment Services
4058 Minnesota Ave NE (20019)

Thursday, March 21  6:00 to 8:00 p.m.
Matthews Memorial Baptist Church
2616 Martin Luther King Jr. Ave SE (20020)

Tuesday, March 26  6:00 to 8:00 p.m.
Ludlow-Taylor Elementary School
659 G Street NE (20002)

Thursday, March 28 (tentative)  6:00 to 8:00 p.m.
Woodrow Wilson High School
3950 Chesapeake Street NW (20016)

• Brief Presentation
• Roundtables
  - City and neighborhood transportation issues
  - System- and street- level building blocks
COMMITTEE PERSPECTIVES
Perspectives

• What things have been done within the last 10 years that have made travel easier/better for you?
• What could be done to make your everyday trips easier?
• What are the most significant challenges that DC will face in the next 30 years?
• What are our biggest long-term opportunities?
• What should we be trying to achieve in DC with this plan over the next 30 years?
